

HAWORTH

Openest Plume

Privacy Screens

Openest® collection, designed by Patricia Urquiola, provides adaptable solutions that respond to the ever-evolving nature of work and make the most of your floorplate. Plume™ privacy screens help leverage under-utilized space by creating cozy, versatile, collaborative work areas that draw people in.

Certifications

- Best of NeoCon – Gold Award

Features

- Freestanding, flexible, and easy to install in configurations of 3, 6, and 9 screens
- Easily divide, configure, or refresh open spaces and create private spaces
- Use alone to carve out informal niches or with other Openest products
- Soft-touch screens diffuse sound in open areas
- A rich color palette and easy curves help soften spaces and complement other Openest elements
- Can be upholstered in the same or different fabric on the front and back
