WELCOME TO THE PORTER

SYDNEY'S NEWEST CLUB LOUNGE CONCEPT - NOW OPEN!

Borne of research, creativity and collaboration between industry leaders, the Porter is a new concept in executive club lounge space. Driven by a vision of future workspace the Porter creates a vertical community where work, networking and connecting move beyond their traditional boundaries, bringing new life to the world of work.

A creative collaboration between Lend Lease, Haworth and 2d3d (now Gensler), the Porter at 1 O'Connell Street will provide its members with unique privileges and a range of different work environments and amenities including a flexible workshop space, meeting rooms, focus and collaborative areas, and a central "chalet" to unwind and network.

Experience The Porter for yourself or visit us virtually at haworthclublounge.com.

OPENEST WINS BEST OF SHOW

People at work have become more mobile – moving freely throughout the day, no longer tethered to a designated space. And the ratio of individual to group workspaces has shifted to support collaboration. Openest is an ensemble of lounge furniture that responds to this ever-evolving nature of work by facilitating the new landscape of today's work environments.

DESIGNED BY PATRICIA URQUIOLA OF STUDIO URQUIOLA

“The goal of this project was to design a very modular office system using a limited number of parts and moulds, and to combine them with furniture to create different working configurations and effects. Furthermore, owing to the convertible feature of the armchair and lounge chair – from chair to pouf – I was able to meet today's increasing need for space and multi-functional objects within the office environment.”
Patricia Urquiola, 2013

EDWARD VAN VLIET + WOVEN IMAGE FABRIC LAUNCH

Singapore - June 12, 2014

In celebration of the design partnership between Haworth and Woven Image, we invited designers to come together for a night of culinary exploration as they teamed up to create the perfect sushi plate.

The evening kicked off with some healthy rivalry and we were impressed with the culinary skills demonstrated by the contestants. They made use of the ingredients and we witnessed master chef moments as they presented their design concept before the judges. The evening showcased a range of new fabric collections including Angle and Visa, as well as a preview of the Minimal Luxury collection designed by HaworthxFriends partner Edward vanVliet.

THE INTERNATIONAL PROPERTY AWARDS

The International Property Awards celebrate the highest levels of achievement by companies operating in all sectors of the property and real estate industry and are open to residential and commercial property professionals from around the globe. The awards are split into regions covering Africa, Asia Pacific, Arabia, Canada, Caribbean, Central & South America, Europe, UK and USA with participants entering at their relevant national level and judged by a highly experienced team of professionals who cover the whole range of property disciplines.

An International Property Award is a world-renowned mark of excellence and has been established as the premier programme recognising and rewarding excellence in their field.

On Friday May 9th, the 2014 Asia Pacific winners were announced at a gala ceremony in Kuala Lumpur. BHP Billiton Global Head Office took out the top award in two categories:

- **Best Office Interior Australia – BHP Billiton Global Head Office**
- **Best Office Interior Asia Pacific – BHP Billiton Global Head Office**

BHP Billiton Global Head Office is now the Asia Pacific Region Representative submitted into the overall International Awards, which ultimately determine the world's finest property companies. These awards will be announced at the International Grand Final event in Dubai on 3rd December 2014.

We would like to congratulate the BHP Billiton team on receiving this distinguished industry recognition and we thank them for their continued partnership!

LUUP TABLE FAMILY

by David Trubridge

...about the LUUP table?

Luup by David Trubridge is a fun, colourful table family which can be quick-shipped as a kitset from New Zealand. Luup Table is created to suit your needs. With 3 height options and 4 sizes, Luup is applicable to the entire floorplate. The subtle shapes and lines are similar to those of the Coral light shape.

CIRCUS

by Fletcher Vaughan

...about CIRCUS?

Circus by Fletcher Vaughan has been designed as wait seating and constructed to withstand the rigors of high usage environments such as malls, airports, galleries, foyers and public spaces. The design not only has a sculptural element, but also maximises seating for up to 5 people with a small foot print.

FRESHWOOD

by essence

...about the FRESHWOOD STOOLS?

Freshwood Stools by Chris Birch are both practical and fun with lacquered tops and solid ash legs. The stools can be stacked to take up minimal space in a collaborative area and be brought out when unexpected guests turn up. The standard colours are funky and fresh. Stools can also be stacked for economical shipping.

NEW BUSINESS CLUB LOUNGE LAUNCHES IN SYDNEY CBD

by indesignlive

Live art installations, big-band jazz and speakeasy hospitality formed the backdrop for over 200 guests to experience the Porter – a fully hosted and managed business lounge designed to facilitate quality meetings, collaboration and workshops. Housed within the landmark 1 O’Connell building in the heart of the Sydney CBD, the vision of the Porter was to create an organic space that reinvents itself based on how its members and the community engages with the space over time. The concept of the Porter was developed by Haworth, Lend Lease and design firm 2d3d (now Gensler) and is powered by the Haworth xFriends platform.

ART BASEL HONG KONG

For the second year in a row, Haworth was featured at the Yavuz Fine Art exhibition at Art Basel Hong Kong. Haworth guests enjoyed VIP passes to explore and discover inspiration at Asia's premier contemporary art fair.

WORK. PLAY. EZ BEIJING, CHINA

Designers in Beijing got inside the head of a typical end-user as they competed to create themed mock-ups of Haworth's newly refreshed EZ60 platform. A professional photoshoot completed the innovative displays.
