Value Proposition

Why Soji?

Thoughtful Design and Ergonomics

Built on a foundation of research, knowledge, and expertise, Soji embraces the relationship between the human body and chair to deliver exceptional comfort to just about anybody.

Effortless Support

Soji task chair offers support for a wide range of people, postures, and workstyles. With its host of ergonomic features and smoothly operating adjustments, Soji provides individualized ergonomic control to promote well-being.

Remarkably Efficient

Fit for applications from individual workstations and touchdowns to collaboration and conference rooms, Soji offers more options for organisations that are challenged by the need to support employee well-being while maximizing facility space and budget.

Statement of Line and Features

Soji Statement of Line

Fit for a variety of applications Soji without **compromise on Design and Comfort**. With its high-quality materials in both fabric and finish Soji makes a comfortable first impression and a durable lasting impression in any workspace.

Key Features

- Highly adjustable ergonomic task chair
- Designed for broad population of users
- Synchro mechanism with forward tilt for class leading ergonomics
- Soji knit cutting process avoids up to 14% material waste compared to traditional mesh
- Designed by Arne Dassen and Haworth Design Studio

Functions

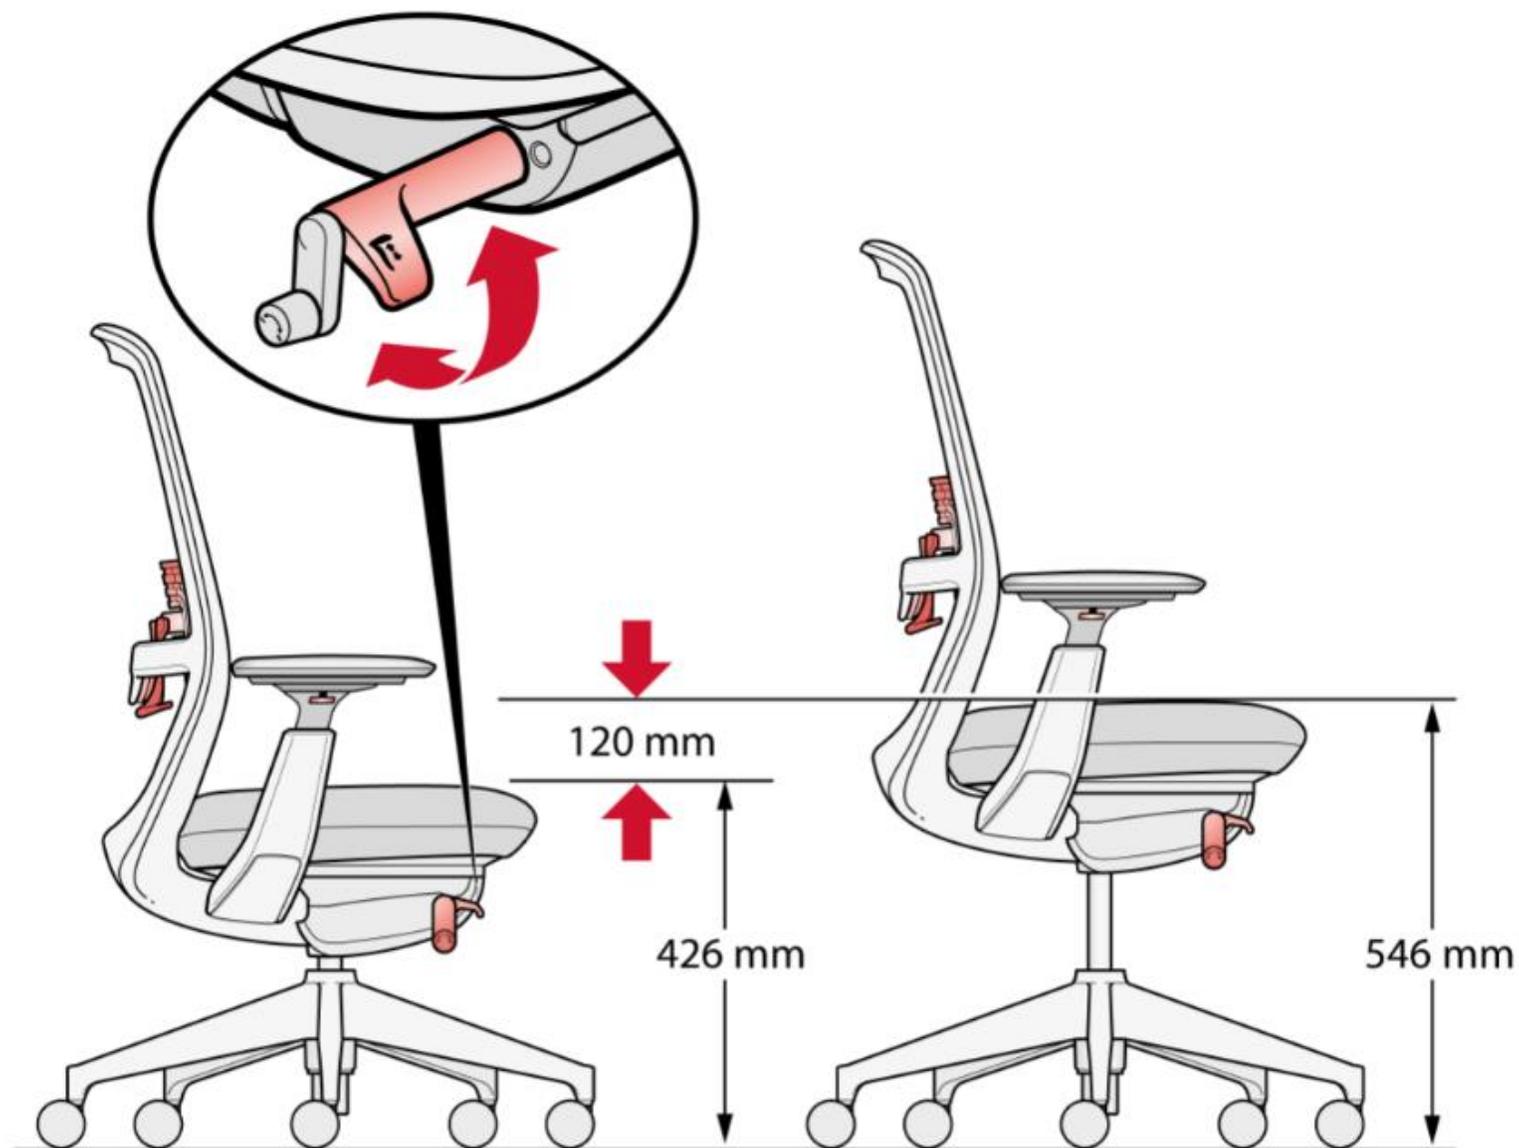

Function Overview

*NOTE: some features are optional and have an extra charge

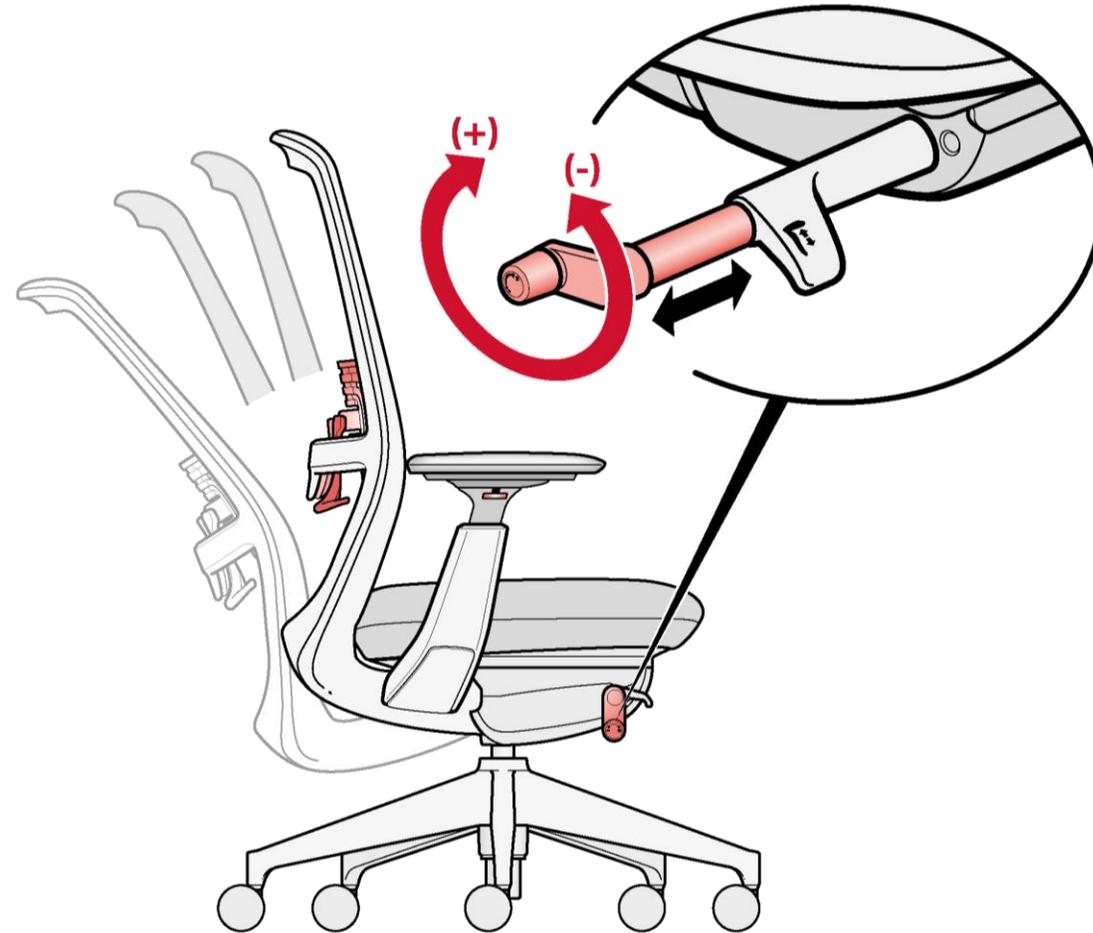

Seat height adjustment

- Pneumatic seat height adjustment.
- Seat height adjusts 120 mm from 426 mm to 546mm on models with aluminum base.

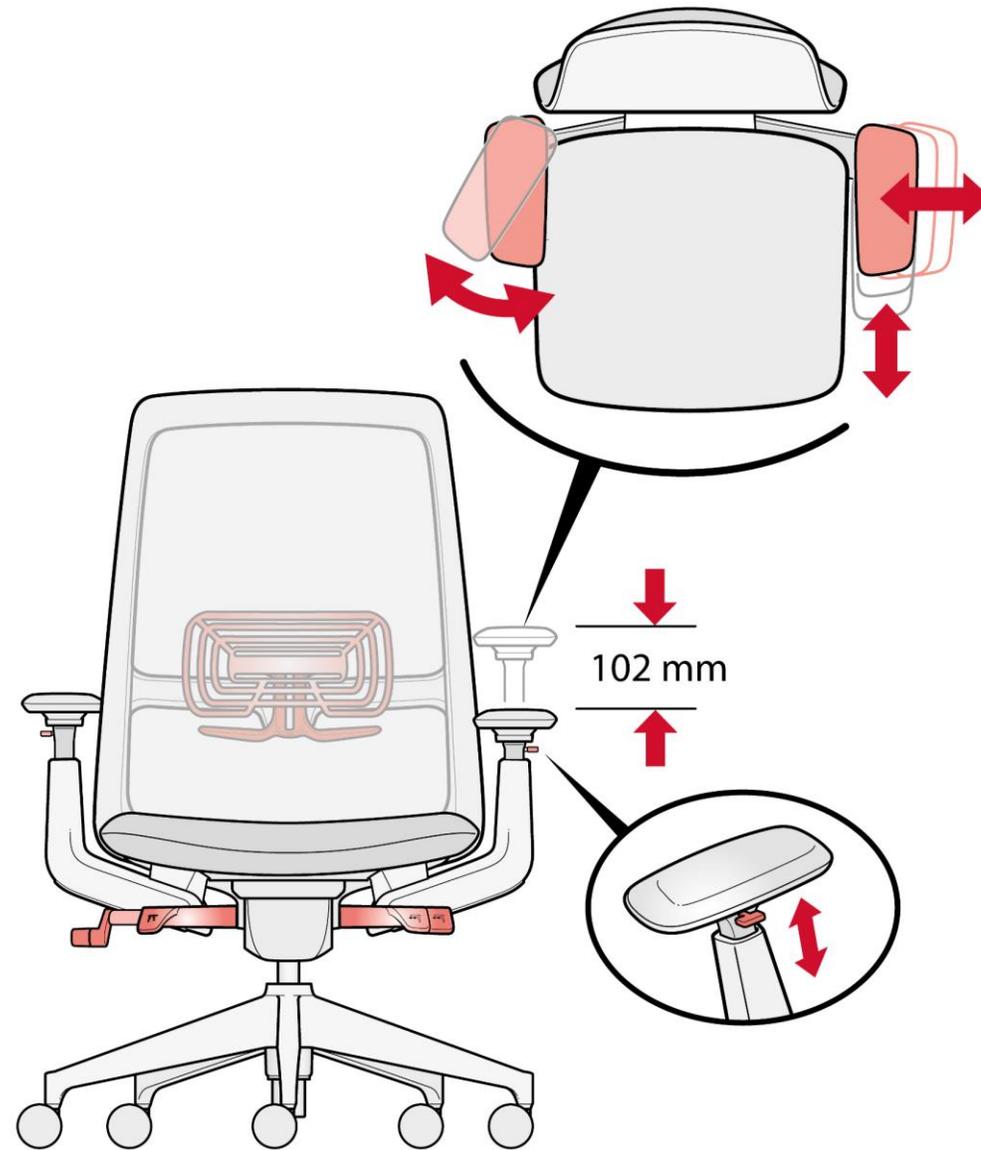

Back tension adjustment

- Regulates the amount of resistance felt when leaning back in the chair and the effort required to recline the chair backwards.

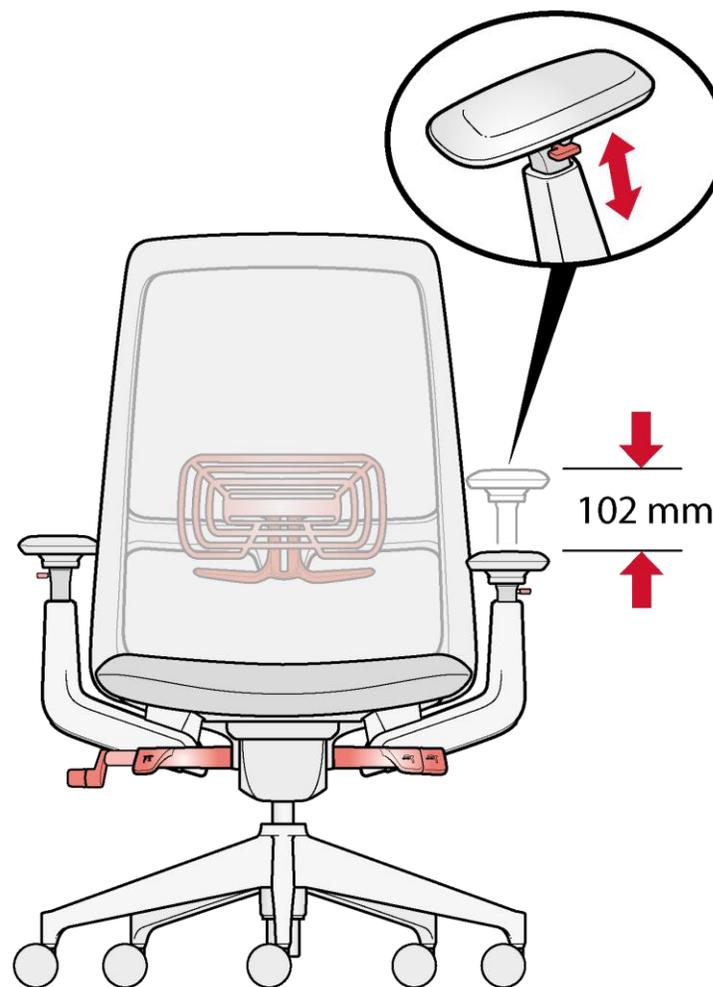

4D Arm adjustment (optional)

- Optional 4D arm adjusts in 4 ways:
- Height adjustment 102mm
- Side-to-side arm cap adjustment range: 76mm [38mm each arm cap]
- Front-to back adjustment range: 89mm
- Pivoting 20° in and 20° out

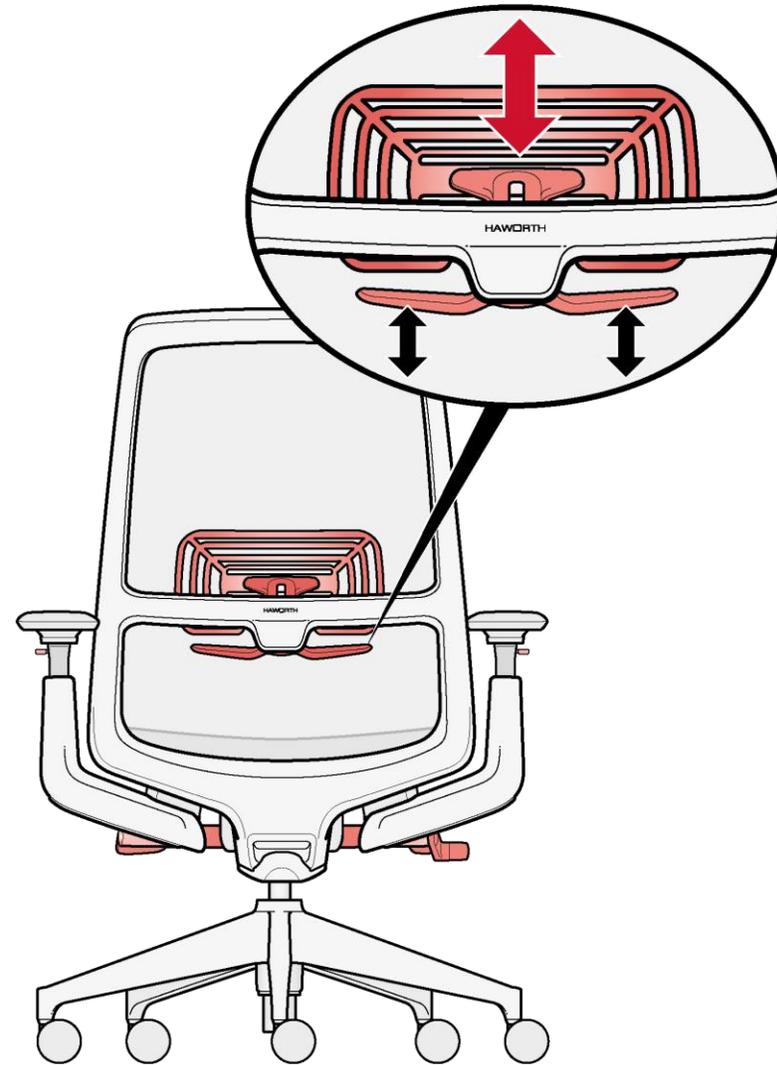

Height adjustable arm (optional)

- Optional height adjustable arms adjust 102 mm vertically.

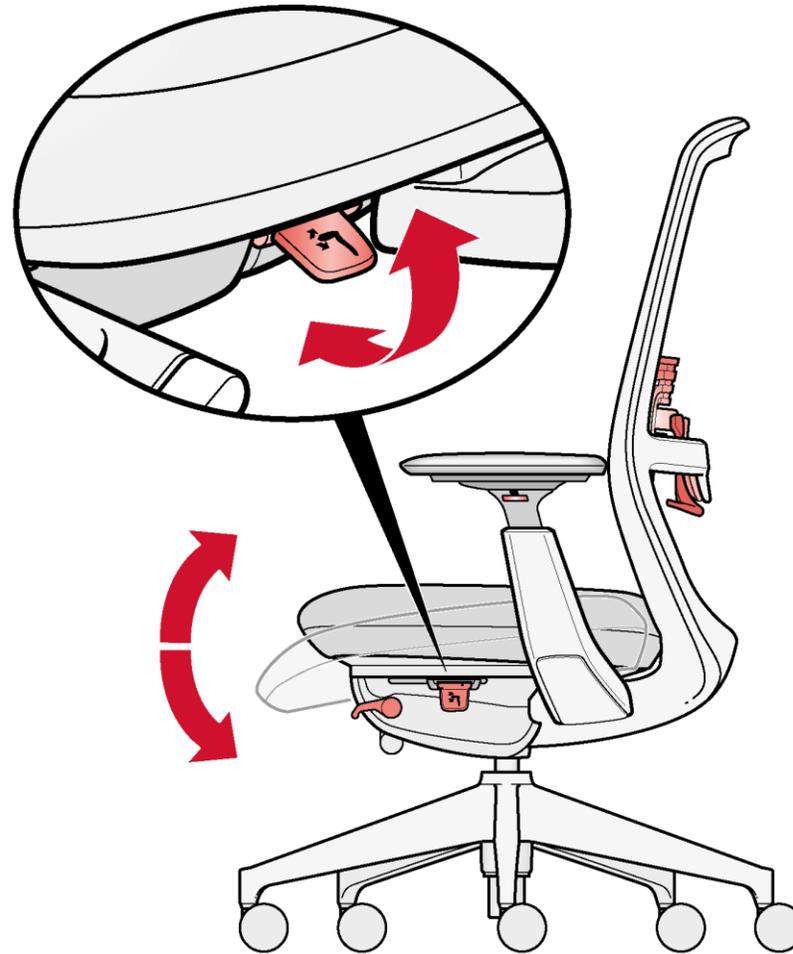

Lumbar support (optional)

- Optional height adjustable lumbar.
- Range of 89 mm of height adjustment.
- Available in Black or Fog.

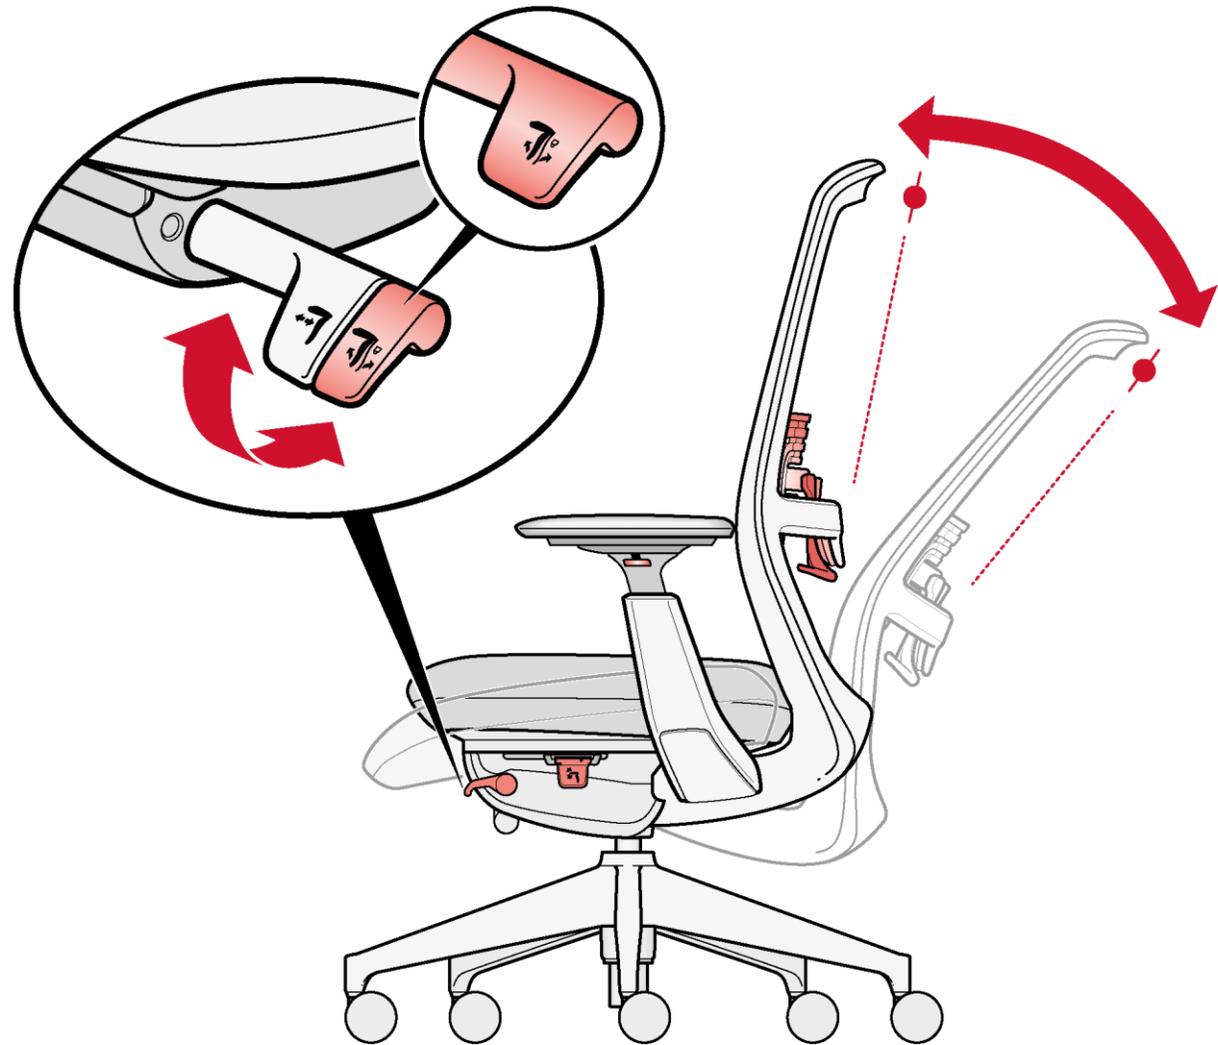

Forward tilt (optional)

- Optional forward tilt allows seat pan to move $-5,4^{\circ}$ downward from the initial position.

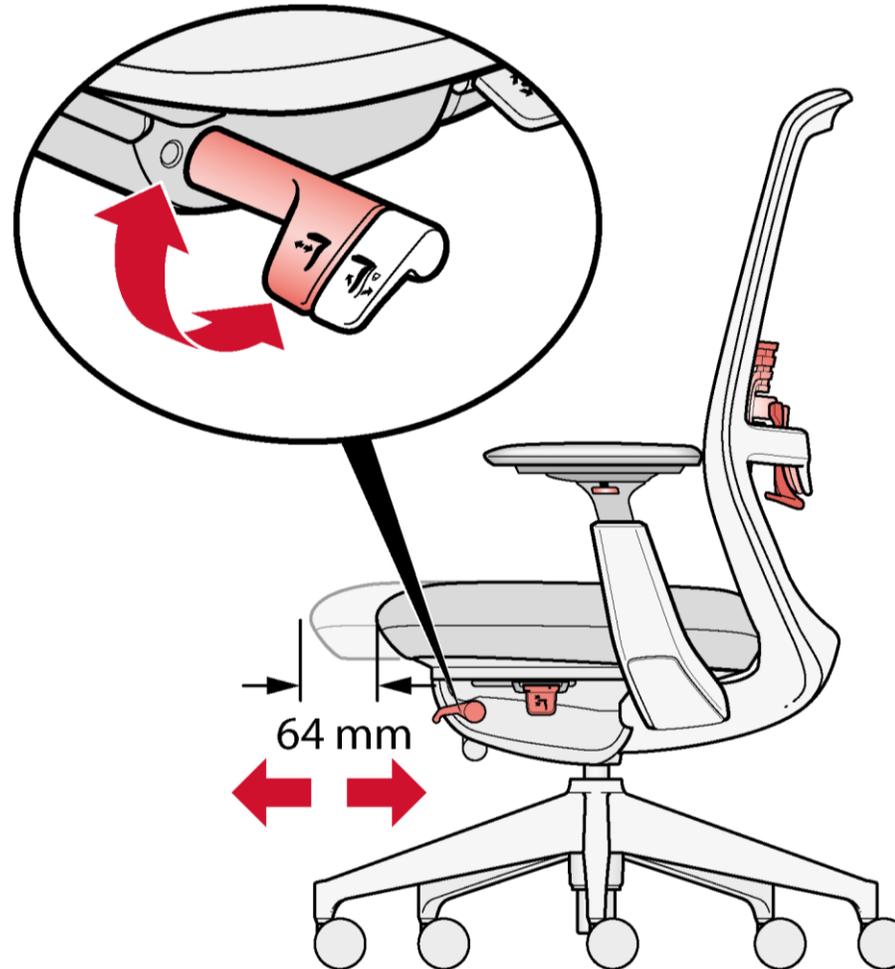

Back Lock

- Single position back lock.

Seat depth adjustment (optional)

- Optional seat depth has 64 mm seat depth range. Fixed seat also available.
