HAWORTH

The fully integrated platform product

Haworth Meeting Points represents a modular meeting table series, offering a range of desk shapes and heights.

HAWORTH

The fully integrated platform product

Frame options and different heights allow for efficient and functional design of meeting and collaboration areas. The choice of colours and materials for the tabletops and structures offers a wide range of options for custom configurations.

The fully integrated platform product

The underlying structure is made with high-grade steel and aluminium parts.

The curated materials and the production processes ensure that the structure is precision-engineered.

Features

- 3 height versions: fixed height 74 cm, 110 cm and gas lift supported sit/stand solution
- 3 different base types
- Square and round tops
- The tabletop dimensions fully integrate with the shape, the height and the base design.
