

# BuzziPlanter

BuzziPlanter divides open spaces into green, silent microenvironments. Built with a thick layer of high-density foam and finished off with a layer of fabric, it helps absorb excessive sound, thus creating calm, peaceful areas where it's nice to sit, gather, work and relax.

## Features

- Available in 6 sizes. The bigger, the more sound-absorbing
- The pots have a built-in plastic container, making it suitable for both real and artificial plants
- Thanks to a wide variety of colors it easily fits any decor

## Design

BuzziSpace Studio
