CareFit Enclosure ergotron®

Workstation

The CareFit™ Enclosure wall-mounted workstation lets caregivers complete documentation while sitting or standing in crowded patient rooms or hallways. The low-profile design stays close to the wall and folds away for more space, and a digital lock keeps data and technology secure. Cords are organized and hidden with the unique cable management system, making cleaning easier.

A pioneer in ergonomic solutions for caregivers, our partner Ergotron has nearly 40 years of experience enhancing workflows to help health professionals thrive and drive positive patient experiences.

Features

- Flexible installation provides 20" (508 mm) of vertical adjustment which allows a wide range of users to sit or stand comfortably
- Storage depth of just 4" (102 mm) when not in use
- Fits most screens 24"-27" (610-686 mm) with a black background for seamless look
