

HAWORTH

Soji Cleanable+

Task Seating

Give customers peace of mind and assurance when disinfecting their seating, one of the most frequently touched surfaces in the workplace. Soji® Cleanable+ task seating features bleach cleanable faux leather upholstery on the front and back to meet workplace health and safety standards. In addition to office applications, Soji Cleanable+ chairs and stools are ideal for healthcare solutions.

Features

- Soji task stool adjusts from 22–29.5" (558.8–749.3 mm) in seat height for comfort at a range of workstations and tables
- Bleach cleanable with a 2% solution per CDC guidelines (cleaning instructions available at surfaces.haworth.com)
- Available in seamless upholstered Alliance, Brisa, or Wellington faux leather on inner back, with a Wellington backer that coordinates with the chair trim
- Intelligent synchronized tilt, forward tilt, and back lock support a variety of positions and workstyles
- Fixed arms, height-adjustable arms, 4D, and armless options
- Patented, height-adjustable lumbar support
- Waterfall seat edge minimizes pressure on the back of the legs

Certifications

- BIFMA LEVEL 3 Certified
- Meets BIFMA G1 - 2013 Ergonomics Guideline for Furniture
- GREENGUARD Gold Certified
