### Features

- Includes high-pressure laminate (HPL) or wood veneer top, steel, laminate or wood end panel, steel modesty panels, and hardware for assembly and attachment to adjoining casegood. (Desk pedestal not included.)
- Top has 3mm edgeband on user edge and 1mm edgeband on sides and back.
- Modesty panels are available with or without scallop wireway for cable management; scallop is centered at top of modesty panel.
- Glides provide 1"(25mm) adjustment range.

# X Series — Credenza Tops

## Credenza Top

JDSL  
JDSW  
Class FMI

### Product Features

- Includes high-pressure laminate (HPL) or wood top and attachment hardware.
- Top has 3mm edgeband on user and guest edge, and 1mm edgeband on sides.
- Attaches to separately specified X Series attached lateral file(s), attached storage cabinets, attached combination units, and/or attached pedestals to create a credenza.

### Specification Tips

- Not for use with X Series Desk Pedestals; modesty panel mounting holes on the side of the desk pedestal will be visible.
- Not for use with X Series Freestanding Files, storage tops are included with freestanding casegoods.
- Designing a storage credenza with attached storage pieces less than 24"(610mm)D will result in an overhang at the back of the credenza top.
- When using attached pedestals the recommended nominal depth is 24"(610mm) to minimize overhang of the top. The actual depth of a 24"(610mm)D attached pedestal is greater than other storage pieces; the recommended application is to place the pedestal(s) at the end(s) of the credenza to conceal the depth difference. 18"(457mm) nominal depth pedestals are less deep than other storage pieces and therefore not recommended.
- For a storage credenza with attached pedestals and lateral files, specify a proud front attached lateral (not inset front) to match the pedestal front.
- When designing a credenza to support a Vertical Storage Unit, both ends of credenza must be 24"(610mm)D attached pedestals.

### To Order, Specify:

- 1) Product number.
- 2) Laminate or wood color for top.
- 3) Edge trim color for top (HPL only).

You have them as a Haworth customer and so do we. And because we value our customers, we cover our products with the Haworth North America Product Compatibility and Limited Warranty Policy.

## Our Commitment To Product Compatibility – Integrated Product Platforms

In both circumstances, we often can provide products with comparable function and performance.
