Features and Specifications

Café Umbrellas

The frame is made of anodized aluminum with a 1.5" (38mm) centerpost and stainless steel hardware. It includes a durable, high performance hub and fittings. Features an internal counterweight which makes opening and closing easy. The umbrella locks in position without the use of a pin. A number of base options are available.

Telescope Umbrellas

The frame is made of anodized aluminum with a 3.25" (83mm) centerpost and stainless steel hardware. It includes a durable, high performance hub and fittings. Features a crank lift system with removable handle. A galvanized steel internal mast stem and powder coated base plate are included. A number of base options are available.

Tilt Umbrellas

The frame is made of anodized aluminum with stainless steel hardware. It includes a durable, high performance hub and fittings. Tilt umbrellas rotate 360 degrees and feature an Infinite Tilt System. An internal mast stem and adapter plate are included. A number of base options are available.

Storage Sleeves

Each storage sleeve is made of polyester with a polyurethane coating. Café umbrella storage sleeves are light olive green in color. Storage sleeves for Telescope and Tilt umbrellas are a light grey color.

Additional Notes

JANUS Titan umbrellas are designed to be used in indoor or outdoor settings. When used in outdoor environments, JANUS Titan may require special care. Refer to the Ancillary Brands Surface Care Instructions for details.

When not in use or in windy conditions, umbrellas should be folded to prevent tipping or damage.
