

Mangas Natural

GAN | Patricia Urquiola | 2015 | Made in India, Imported from Spain

Features and Specifications

Area Rugs

Mangas Natural rugs are available in one of two designs: a plain rug, or a rug with a square pattern. The rugs are comprised of 100% new wool, and are made using a hand loom technique. Rug thickness is approximately 1.5" (40mm).

Additional Notes

New wool rugs may shed fibers during the first few months. This is a normal feature of wool and is in no case sign of deficient quality.

Each rug is made by hand and therefore has a unique design. Variations in size (not exceeding 5%) may occur. Any variations in the fabric or color are not errors or defects.
